

AGREEMENT FOR THE LEASE, CONSTRUCTION OF IMPROVEMENTS AND OPERATION OF BILLISH PARK

THIS AGREEMENT FOR THE LEASE, CONSTRUCTION OF IMPROVEMENTS AND OPERATION OF BILLISH PARK ("Agreement") is made and entered into by and between the CITY OF CORPUS CHRISTI, TEXAS, a home-rule municipal corporation ("City") and PADRE ISLES PROPERTY OWNERS ASSOCIATION, INC., a Texas nonprofit corporation ("PIPOA").

I. Term

This Agreement shall commence on the effective date described herein and continue in its first phase until improvements are accepted by the City as provided herein and thereafter on a year-to-year basis until terminated as provided herein. In the event that the parties do not reach agreement on the final plans and specifications for the improvements to Billish Park (the "Billish Park Improvements") within four (4) months from date of last signature, this Agreement shall be subject to termination by either party on thirty (30) days' written notice. Upon the completion of the Billish Park Improvements and acceptance by the City, this Agreement shall continue in effect on a year-to-year basis consistent with the City's fiscal year subject to termination by either party by written notice at least three (3) months prior to the commencement of any City fiscal year.

II. Project Scope

- A. The City will provide the PIPOA with the plans and specifications for the Billish Park Improvements developed by the City's consultant, LMA Design, LLC. Billish Park is an approximately 11 acre park located at 15601 Gypsy, Corpus Christi Texas. The PIPOA reserves the right to work with its selected contractors to adjust the plans and specifications as needed to bring the cost of the Billish Park Improvements within the available budget. However, the PIPOA assumes any and all risks related to any adjustment to the plans and specifications developed by the City's consultant. In addition, the PIPOA recognizes that the City's consultant is not responsible to review nor approve any adjustments to the plans and specifications. All plans must be submitted to the City Director of Engineering and Director of Parks and Recreation and allow for at least 30 days for final review and approval, which approval shall not be unreasonably denied.
- B. The Billish Park Improvements must include:
 - 1. Installation of new irrigation; and
 - 2. Improvement to the turf and landscaping.
- C. The Billish Park Improvements may include:

1. Excavation and grading of a pond, including placement of spoils throughout Billish Park in accordance with the plans and specifications;
2. Turf establishment on the pond slopes and embankments;
3. Suction pump at the pond for irrigation;
4. Concrete walkways adjacent to the pond; and/or
5. Playground equipment.

- D. Upon completion of the modifications to the plans and specifications for the Billish Park Improvements, the PIPOA shall submit the final terms of the construction contract and plans and specifications to the City Director of Parks and Recreation and the City Director of Engineering Services for review and approval, which approval shall be provided within thirty (30) days and which approval shall not be unreasonably denied.

III. Construction of Improvements

- A. The PIPOA agrees to contract for the construction of the Billish Park Improvements as approved in the manner described above at its sole cost and expense. PIPOA shall ensure that the construction contract contains the insurance bond, and indemnification terms outlined on the attached **Exhibits A and B**. The PIPOA shall confirm with documentation to the City Director of Financial Services that it has sufficient funds to pay for the Billish Park Improvements prior to the commencement of any construction.
- B. Evidence of Contractor's insurance coverages in the amounts specified in **Exhibit A** and City building and construction permits shall be presented to the City Director of Engineering Services and City Director of Parks and Recreation prior to construction.
- C. The PIPOA agrees that all plans developed and all work performed shall be done in full compliance and in accordance with all federal, state and local laws, ordinances, codes and regulations, including but not limited to the Americans with Disabilities Act and the Americans with Disabilities Act Accessibility Guidelines and such work shall be subject to City inspection during the performance thereof and after it is completed. The PIPOA shall ensure that its contractor maintains Billish Park in a clean, safe, and sanitary condition during the construction activities. The PIPOA shall develop a process to address and respond to any neighborhood complaints regarding the construction activities.
- D. The PIPOA shall discharge all obligations to contractors, subcontractors, materialmen, workmen and/or other persons for all work performed and for materials furnished for or on account of PIPOA as such obligations mature. The PIPOA expressly agrees that it will neither give nor grant, nor purport to give or grant any mechanic's or materialmen's lien upon the City's property or upon any Billish Park Improvements thereupon in the process of construction or repair, nor allow any condition to exist or situation to develop whereby any party should be entitled, as a matter of law, to a mechanic's or materialmen's lien against the City's property or Billish Park Improvements thereon, and the PIPOA will discharge any such lien within thirty (30) days after notice of filing thereof.

- E. The PIPOA shall conduct its operations under this Agreement in an orderly and proper manner, considering the nature of such operation, so as not to unreasonably annoy, disturb or endanger others.
- F. During the term of construction, Billish Park shall be leased to the PIPOA and the PIPOA shall have exclusive possession of the property for the duration of the construction project, which in no event shall exceed one year from the date of commencement except with written approval of the City Manager. However, Billish Park shall remain open to the public except for portions closed due to construction. This Agreement shall constitute the lease of Billish Park for such purposes for the consideration provided herein. The commencement date of construction and the lease of Billish Park shall be deemed to occur upon the issuance of a building permit by the City for the Billish Park Improvements.
- G. The City shall not be liable to PIPOA nor its contractor for any delay damages.

IV. Transfer of Billish Park Improvements to City and Payment

- A. Upon the completion of the Billish Park Improvements, the PIPOA shall execute a special warranty deed conveying such improvements to the City for the purchase price of \$400,000 to be paid by the City (the "City Purchase Price"), which is subject to further reduction as provided below.
- B. The City Purchase Price for the Billish Park Improvements shall be reduced from \$400,000 if the actual costs of construction incurred by the PIPOA (the "Actual Costs of Construction"), including the costs of one or more construction contractors, design consultants, construction managers, materials, bonds, insurance, permit fees and all other out-of-pocket expenses incurred directly for the completion of the Billish Park Improvements, are less than the sum of \$600,000.00. If the Actual Costs of Construction are less than \$600,000, the City Purchase Price to be paid by the City shall be reduced from \$400,000 by 2/3 of the difference between \$600,000 and the Actual Costs of Construction. An example is set out as follows:

Maximum Costs of Construction:	\$600,000.00
Actual Costs of Construction:	<u>\$588,000.00</u>
Savings Accomplished:	\$12,000.00

Savings to City: 2/3 of \$12,000 = \$8,000.00
City Purchase Price: \$400,000.00 - \$8,000.00 = \$392,000.00

- C. Upon completion of the Billish Park Improvements, the PIPOA shall deliver to the City Director of Engineering Services and City Director of Parks and Recreation a cost report itemizing the expenses incurred including copies of the invoices for each expense. The City shall have thirty (30) days to inspect the Billish Park Improvements and review such costs and present any objections to the same. If the parties cannot resolve all

objections within thirty (30) days after the making of any objection, the City shall proceed to pay the full amount of the Purchase Price not in dispute, and the PIPOA shall deliver the special warranty deed and reserve its rights to seek its remedies at law for the collection of the remainder of the Purchase Price claimed by the PIPOA.

- D. Within sixty (60) days following completion of the Billish Park Improvements, the PIPOA shall deliver the special warranty deed to the Billish Park Improvements in exchange for the payment of the Purchase Price determined in the manner provided above. The City may retain such deed in its records or file such deed of record with the Nueces County Clerk, at the City's option. Upon the delivery of such special warranty deed, the lease provided in Section IV above shall terminate.
- E. All warranties provided to the PIPOA regarding the Billish Park Improvements as part of the construction of same shall be transferred and assigned to the City together with the special warranty deed.
- F. Nothing herein shall obligate the PIPOA to expend more than a total of \$600,000.00, with \$200,000.00 being the maximum net cost to the PIPOA, for the construction of the Billish Park Improvements.

V. **Maintenance and Operation of Billish Park**

- A. The PIPOA agrees to adopt, maintain, and repair Billish Park, including the Billish Park Improvements upon completion of construction of the Billish Park Improvements, on a year-to-year basis in accordance with terms and conditions described herein and subject to adjustment from time to time based on agreement between the PIPOA and the City Manager or designee.
- B. The PIPOA agrees to maintain the multi-purpose sports field established at Billish Park according to the following standards:
 - Mow every 7 days during faster growing periods from March through October each year and every 14 days during the remainder of each year.
 - Aerate on an annual basis.
 - Fertilize on an annual basis.
 - Irrigate with an automated or manual irrigation system.
 - Apply pest control as needed.
 - Pick up litter and empty receptacles on a weekly basis or more frequently as needed.
 - Maintain all remaining improvements on an as-needed basis.
- C. For the remainder of Billish Park, the maintenance schedule shall be the same except the mowing schedule may be reduced to approximately 21 times per year mowing every 14 days during months of March through October and every 28 days during the remainder of the year.

- D. The City agrees to trim the palm trees at Billish Park at least one time per year.
- E. Each year, the City agrees to provide to the PIPOA \$14,700.00 to defray a portion of the costs of mowing and maintaining the landscaping associated with Billish Park and the Billish Park Improvements, such amount to be paid on or before December 1 (or other mutually acceptable date) during each fiscal year subject to appropriation of funding and the City's annual budget process. The PIPOA shall be responsible for all other costs of mowing and maintenance of Billish Park. The City agrees to provide three months' notice of termination as provided in Section XII below in the event that it elects not to appropriate such funds for the next fiscal year.
- F. If constructed, the PIPOA shall be solely responsible for the maintenance of the pond suction pump and related irrigation system in perpetuity until such system is removed or replaced.
- G. The PIPOA agrees to comply with the City's water conservation program.

VI. Indemnification

The PIPOA does hereby agree to indemnify and hold harmless the City and all of its officers, officials, agents, and employees, in both their public and private capacities, from any and all liability, claims, suits, demands, losses, damages, attorney's fees, including all expenses of litigation or settlement, or causes of action which may arise by out of or in connection with this Agreement, including injury to or death of any person or for loss of, damage to, or loss of use of any property, arising out of or in connection with this Agreement occasioned by error, omission or negligent act of the PIPOA, its officers, agents, employees, invitees or other person for whom it is legally liable with regard to the performance of this Agreement.

VII. Signage

During the period of construction, the PIPOA may erect a sign reflecting the investment of City Bond funds and the investment of the PIPOA's funds for the Billish Park Improvements, which sign shall be subject to approval by the City Director of Parks and Recreation, which approval shall not be unreasonably withheld or delayed. Otherwise, during the term of this Agreement, the PIPOA may not place any signage at Billish Park except with prior written approval from the City Director of Parks and Recreation.

VIII. Utilities

If any utilities are required, needed or desired by the PIPOA during construction of the Billish Park Improvements, the PIPOA shall bear all costs, expenses and fees of extension connections or tapping charges for water and sanitary sewer facilities on the City's property, in accordance with the ordinances of the City, which expenses shall be includable as part of the Actual Costs of Construction provided above. Except for water used for irrigation purposes as provided below, PIPOA must pay for all utilities used by it or for any activity sponsored by PIPOA at Billish Park prior to the due date for payment. PIPOA must adhere to applicable water conservation

standards. In an effort to ensure that Billish Park is maintained in accordance with City standards, the City shall not charge PIPOA for water used by PIPOA to maintain and keep the Billish Park grounds in good condition.

IX. Independent Contractor

The PIPOA covenants and agrees that it is an independent contractor and not an officer, agent, servant or employee of City. In addition, the PIPOA covenants and agrees that the employees and volunteers of the PIPOA participating in the construction of the Billish Park Improvements, or participating in any other activity arising under or related to this Agreement, are solely employees and volunteers of the PIPOA and they are not employees or volunteers of the City nor are they under the control, supervision, or administration of the City.

X. Assignment

The PIPOA shall not assign this Agreement without the prior written consent of the City.

XI. Entire Agreement

This Agreement embodies the complete agreement of the parties hereto regarding the Billish Park Improvements superseding all oral or written previous and contemporary agreements between the parties relating to matters herein and, except as otherwise provided herein, cannot be modified without written agreement of the parties.
